

Caerphilly Information and Advice Service

From time to time throughout the year, the Information and Advice Service distributes information to over 500 families of children with disabilities and additional needs who live in the Caerphilly borough.

This information includes newsletters, invitations to events and activities, details about forthcoming training for parents/carers and new services available, access to support groups, and any other information that might be useful to you and your family.

To enable us to send you this information, your child's name and address will be included on a mailing list which is kept confidentially at the Caerphilly Children's Centre and will be used for this purpose only. Your child's details will not be shared with outside agencies unless you give express permission. You can request the removal of your child's name from this mailing list at any time.

We need your permission to include your child's details on the mailing list and would be grateful if you could complete and return the enclosed form to enable us to do this.

Please contact me if you require further information.

Yours faithfully

Carolyn Jones
